OPENING OF PARLIAMENT.
London, Oct. 16.—The Queen's speech at the opening of Parliament to-morrow will declare that Parliament has been summoned at an unusual date for a specific purpose, and that this course has been rendered necessary by two circumstances:

First—Her Majesty's proclamation calling on the reserves is necessarily followed by the summoning of Parliament within ten days.

Second—The position of affairs in South Africa demands the attention of the Legislature.

Her Majesty will then declare that her general relations with foreign powers are peaceful, a state of affairs which unfortunately does not apply to the Transvaal.

The House of Commons will be invited to provide ways and means necessary to prosecute the British policy in South Africa.

The speech will conclude with a promise that when the proper time arrives the legislative program of the Government regarding matters of internal interest will be submitted to the House of Commons.

BRYAN'S TOUR OF KENTUCKY

The Democratic Leader Greeted by Enthusiastic Crowds Everywhere.

HE PLEADS FOR COEBEL

A Division of the Democratic Party Will Encourage Republicans and Discourage Democrats and Should Therefore Be Avoided—McKinley's Course in the Philippines Denounced.

(By Telegraph to Virginian-Pilot.)
Bardwell, Ky., Oct. 16.—The Bryan party left Cairo, Ill., this morning at 7 o'clock for a tour through Kentucky and Ohio. Among those on the train were Mr. and Mrs. W. J. Bryan; National Committeeman Woodson, of Kentucky; William Goebel, Democratic candidate for Governor; Captain Joseph Blackburn, brother of Senator Blackburn; G. G. Cowen, known to the Auditor, and others known to Kentucky Democracy and an array of newspaper correspondents. Bardwell, twenty miles out of Cairo, was the first stop, where an enthusiastic crowd greeted the train.

MR. BRYAN'S SPEECH.
Mr. Bryan said in part:
"Whether the next President of the United States is a Democrat depends somewhat on what you do in Kentucky this year. Three years ago Kentucky did not help the Democratic party to any great extent. I believe the people voted better than the country counted. I am not sure but we carried the State, but I am sure we did not get it. Kentucky is a Democratic State and we have a right to expect it to go Democratic in 1900."
"If the State goes Republican this fall it may be difficult to carry it next year. You will encourage the Republicans and discourage the Democrats if you try to divide the Democratic party. You cannot whip the Republicans by dividing the Democratic party in two." Mr. Bryan vigorously denounced the war in the Philippines and the present large standing army, claiming it the duty of the Democratic party to seek the reduction of the army to the peace footing of 25,000 men.

McKINLEY IN THE PHILIPPINES.
Mr. Bryan at some length paid his respect to Mr. McKinley's announcement of the intention to hold the Philippine Islands, and said it was the first announcement of a President of the United States against the spirit and doctrine of the Declaration of Independence. In reference to the President's declaration that Congress would provide for the government of the islands, he said it should substitute Parliament for Congress and revert to the time when the colonies asked recognition of King George.

He ridiculed the claim that we had a right to the islands because we had previously won the islands from a disreputable monarchy, and averred that we cannot buy the Philippines from Spain.

He then touched upon the silver question as a matter of vital interest to the people as a whole, and urged the reaffirmation of the Chicago platform.

AT PADUCAH.
Paducah, Ky., Oct. 16.—The largest crowd of the day was met at Mayfield. Mr. Bryan and Mr. Goebel were the speakers. The former delivered the most elaborate speech of the morning, thus far. Mounted upon an elevated platform he said he did know in which direction to talk.

DIFFERENCES IN PLATFORM.
"I may face in all directions on this platform, but I do not on the Chicago platform—(Cheers.) They told me in 1896 this was the banner Democratic county in the State and that I had more than 3,000 majority, but the appearance of this crowd indicates that I should have had more. (Applause.) A voice: "We will give you more next year."

"I believe this crowd came out to indicate what it would do for Goebel and the rest of the ticket. To-day I shall accept it as evidence of a larger majority for Goebel than that of '96 and shall rejoice if it is so. I am glad to come to Kentucky. It is the skirmish line in 1900. The bigger the majority this fall the better the chances in 1900. The skirmish of 1896 was a Bunker Hill; that of 1900 will be another Yorktown. The Chicago platform of '96 was a new declaration. Like the declaration of Thomas Jefferson, it was not for a year but for a generation."

He appealed to the Democrats to stand by the platform and the candidates endorsed by the Louisville convention and paid a passing compliment to the bolting ticket and its supporters, holding that principles are everything and the man nothing. He said railroads were hard things to back against, whether in public or political matters, claiming that the railroads were supporting the opposition to Goebel.

He also appealed to the Populists who supported him in '96 to stand by Goebel as against the Republicans, and closed by an appeal for the election of Joseph Blackburn to the U. S. Senate.

Mr. Goebel denounced the railroads. President McKinley and his political advisers in general, and asked the people to support the opposition to combinations and corporations.

AT BENTON.
Benton, Ky., Oct. 16.—Mr. Bryan was cordially greeted at Benton by a very large crowd at noon. He was introduced as the "Great Democrat of the day," and took occasion to say in reply that all Democrats were great who lived up to their responsibilities. The defeat of 1896 merely made the party more determined to win.

The party, though some of the leaders went astray, was right. The defeat of three years ago simply made the united party of to-day. The people have charge. They believe the Democratic party is right and will see that the defeat of '96 is reversed.

THE GOEBEL ELECTION LAW.
Mr. Goebel for the first time to-day undertook a defense of the election law known as the Goebel law. He claimed the law became a necessity to prevent the Republicans of the State from stealing the State elections, and

WARNER'S SAFE CURE is the only remedy of the present day, which sufferers from kidney trouble, men, women or children, can take with positive certainty that they will be relieved and cured.

charged the railroads and other State interests with being combined to defeat the Democratic ticket in order to secure the repeal of the law. "For this reason," said Mr. Goebel, "we want a Democratic Governor who will prevent the repeal of the law; for this reason we want you to send true Democrats to the Legislature. I say Democrats because we do not want Palmer and Buckner Democrats or Brown Democrats. I mean Democrats who will see that it is not necessary for Democrats to steal an election. Kentucky is Democratic. It is the Republicans who steal elections in this State. We want to prevent giving the State McKinley, as in 1896, even if W. J. Bryan has a majority of 100,000."

AT FULTON.
Fulton, Ky., October 16.—There was a good crowd here, and Mr. Bryan spoke from the rear platform as did Candidate Goebel and Mr. Blackburn. Mr. Bryan said, among other things: "You can do some pretty good yelling here, but I want to tell you if you will elect Mr. Goebel Governor and Joe Blackburn Senator, there will be more yelling in Nebraska than we have here."

"They say a man does not want another to do better than himself, but I am not selfish when I say I want you to give Goebel a larger majority than you did me in '96. While I appreciate the splendid vote of 1896, I believe our party is stronger than it was then, and there are sixteen reasons to one why it should be."

ANGLES ATTACKED.
OPERATIONS OF NATIVES IN THE PHILIPPINES.
(By Telegraph to Virginian-Pilot.)
Manila, Oct. 16.—9:55 p. m.—The insurgents made an attack upon Angeles at half past 2 this morning. One American was killed and seven wounded.

The Filipinos used artillery, a few shells exploding. The Seventeenth, Ninth and Thirtieth Regiments engaged the enemy, who retired at half past 5 a. m.

INTERNAL QUARRELS.
9:10 a. m.—Mail advices from Iloilo state that there is a great contention between the Visayans and Tagalos growing out of the Tagalos holding Aranaeta, a leader of the Visayans, a prisoner, since the Tagalos revolt against Tagalo domination a month ago. The Visayans are incensed to the point of rebellion. While the Tagalos nominally control only the military organization of the so-called Filipino republic, they have crowded out the Visayans from the branch, where at there is great discontent. The Tagalos are reported to be concentrating troops on Panay at Santa Barbara, where Delgado, chief of the revolutionary government, commands, with a view to putting themselves in a position to suppress the Visayans.

Four thousand Tagalos, who have been held in reserve at Capiz, in the northern part of the province of Panay, last week, embarked in Cascos, the fleet's purpose being to land at Concepcion, whence the troops would march to Santa Barbara. Adverse winds prevented the landing, however. General Pailon's forces from Buena Vista are also reported to be going to Santa Barbara.

WILL ATTACK AMERICANS.
The insurgents will have 12,000 men and three or four thousand rifles there. General Magbanna, according to letters, plans to attack the suburbs of Iloilo with this force, to carry the city and slaughter the Americans.

A body of Tagalos estimated to number between 500 and a thousand recently crossed from Santa Barbara to Escalante, on the island of Negros, for the purpose of aiding Intepapastilo's bandits in keeping under the inhospitable

Scrofula to Consumption.
Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The sores on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

THE CANAL COMPANY.
The Canal Company would not at present guarantee a safe passage between Norfolk and Elizabeth City for boats drawing more than seven and a half feet of water, as the Pasquotank has one shoal place, and Deep Creek at low water has not more than seven and a half feet at the present time.

The Government has appropriated money to deepen and widen Deep Creek, and also to deepen and straighten the waterway of the Pasquotank river. This work is to commence at once. The Company has the meantime intend to improve and widen the canal, and in the near future the Canal Company believe that they will have a canal and waterway between the points named that cannot be excelled in this country.
